November 2010

*Stony Brook University Cancer Center,
First Medical Center in NYS to Secure the
LIVESTRONG® Community Impact Award*

The SBU Cancer Center will use the proceeds of the Award for the Cancer Transitions program which is designed to support, educate and empower people with cancer in the transitional period after treatment is over. The program incorporates support groups, education, nutrition and physical exercise, as well as addressing other medical management, psychosocial and quality of life issues. The program also provides survivors with practical tools and resources to formulate a personal action plan for survivorship beyond their participation in Cancer Transitions.

For more information, call 444-4000.
